MEMC

Experience the magic of MEMC (Motion Estimation, Motion Compensation) technology that eliminates the judder effect in moving scenes. Immerse yourself in fluid, lifelike visuals that captivate your senses and bring every scene to life. With MEMC, enjoy crystal-clear motion clarity and elevate your viewing experience to new heights of smoothness and realism through your favorite movies and sports content.

4K HDR Immersive

Welcome to a new dimension of entertainment with picture quality promised by 4K HDR Immersive Technology effectively delivered and reproduced on JVC TVs. Brace yourself for breathtaking visuals, lifelike colors, and unparalleled clarity that transport you into every scene.

Dolby Atmos

Unlock a truly remarkable entertainment experience with the immersive sound of Dolby Atmos® and go deeper into the story. Discover the Dolby difference — a premium entertainment experience that helps you feel a deeper connection to the movies, shows, music, sports, and games you love and immerses you in your favorite entertainment with sound that moves all around you with breathtaking realism. Hear what you've been missing with an immersive experience like no other.
