- > Dolby Atmos & Dolby Vision HDR

## Dolby Vision HDR

Revolution in vision. With incredible brightness, contrast, and color, JLED bring entertainment to life before your eyes. By fully leveraging the maximum potential of new cinema projection technology, Dolby Vision gives the result of a refined, lifelike image that will make you forget you are looking at a screen.

## MEMC

Algorithm to overcome the motion blur & judder effect in moving objects. MEMC technology detects movement patterns of the objects and apply interpolation between pixels, providing much more smooth video experience.

## 4K HDR Immersive

4K HDR Immersive Logo provides assurance to consumers that the level of image quality promised by this technology will be effectively delivered and reproduced on JVC TVs.

## Display

Size	55
Resolution	3840x2160
Panel Type	OLED
